

Industrial panel without protections

Cuadro industrial sin protecciones, fabricado según normativa EN 61439-1: 2013 Dimensiones 362x500x160 mm. 2 bases Shucko 2P+T 250V IP44 2 bases inclinadas 3P+T 16A 400V y 2 bases inclinadas 3P+T 32A 400V. Conexiones realizadas con punteras. Incluye declaración de conformidad y documentación técnica.

Features

|                                                  |                             |
|--------------------------------------------------|-----------------------------|
| Enclosure type                                   | Distribution                |
| Installation method                              | Surface                     |
| Use                                              | Industrial                  |
| Location type                                    | Exterior and interior       |
| No. Modules (18 mm)                              | 32                          |
| Modules per row                                  | 16                          |
| Metallic DIN profile                             | Yes                         |
| Dimensions outside (mm) (width x height x depth) | 362x500x160                 |
| Case material                                    | Insulation                  |
| Case color                                       | Grey (RAL7035)              |
| Cap color                                        | Grey (RAL 7035)             |
| Door color                                       | Fume                        |
| Battens included                                 | Yes (Screw terminals)       |
| Strip type                                       | Ground                      |
| No. of terminals and size                        | 12x6 mm2 + 2x16 mm2         |
| Ticket type                                      | With centricity points.     |
| Sealable                                         | Yes                         |
| Linkable                                         | Vertically and horizontally |

|                                            |                                                       |
|--------------------------------------------|-------------------------------------------------------|
| Lid closure system                         | Ultra-fast metal screw                                |
| Door closing system                        | Handle                                                |
| Possibility of mounting strips             | Yes (included)                                        |
| Possibility of mounting with key / padlock | Si (no incluido)                                      |
| Possibility of putting lock                | Key                                                   |
| Possibility of mounting DIN rail           | Yes (included)                                        |
| Common applications                        | Industrial environments (factories, warehouses, etc.) |

Technical data

|                                  |          |
|----------------------------------|----------|
| Protection Degree (IP)           | IP65     |
| Protection Degree (IK)           | IK08     |
| Impact shock resistance          | Strong   |
| Insulation class                 | Class II |
| UV resistance                    | Yes      |
| Free of halogens                 | Yes      |
| Suitable for saline environments | Yes      |

Regulations

|                                                                     |                      |
|---------------------------------------------------------------------|----------------------|
| CE marking                                                          | Yes                  |
| UK marking                                                          | Yes                  |
| CMim marking                                                        | Yes                  |
| According to Regulations UNE/EN                                     | UNE-EN 61439-4: 2013 |
| According to REBT                                                   | Yes                  |
| According to European Directive 2014/35 / EU. Low voltage directive | Yes                  |
